# What's inside the packs?

# Alcohol Harm Reduction Packs

- Across TPS we have seen an increase in alcohol only support.
- ADP's wanted a response for problematic alcohol use
- Based on Chem Sex HR Packs.
- Developed in collaboration across our services
- The pack will not save a life but the gift might engage a conversation, and the conversation might reduce harm.

# Harm reduction café – an alcohol focused approach.

The drop zone finishing at 8 is great to help me manage my alcohol.

I can connect with other people at the drop zone.

I know that TPS staff will not turn me away if I have drank alcohol.

# Drop Zone

Drop in and Zone out

Do you drink alcohol?  
Do you want to connect with other people  
without the pressure to stop drinking?

Come along to our new cafe and have hot  
drinks, food and chat

## Wednesday 5-8pm
