<p>North Lanarkshire Youth Bridges</p>	<p>Youth Bridges provides a service for North Lanarkshire young people under 21 years of age who are remanded in custody or receive a custodial sentence of under four years in HMP Polmont, in order to aid their reintegration and transition back to the community. The work undertaken by Youth Bridges targets the most vulnerable prisoners and works with them to reduce the risk factors which could involve them in re-offending and return to custody. No distinction is made between those on remand or serving a custodial sentence and there is no time limit on intervention.</p> <p>The service is voluntary but is intensive and responsive to need, including evening and weekend support when required. Workers take an assertive outreach approach, which recognises the right of young people to decline the service but also strongly promotes the benefits of intensive support to divert young people to a more positive lifestyle.</p> <p>A holistic, person centred approach ensures that individualised plans focus on areas of vulnerability and strong links are in place with other organisations including housing, health and addiction, employability, education/ training providers and other relevant support services.</p> <p>Contact Elspeth Jenkins, Senior Social Worker, Community Alternatives 01236 638500 Mon – Fri 8.45 – 4.45 or JenkinsE@northlan.gov.uk</p>
<p>New Routes National - Throughcare Mentoring Support</p>	<p>New Routes provides throughcare support to short term prisoners with 6 month or less left of their sentence, our prison-based mentors will identify and offer the service to all eligible males that are currently serving a custodial sentence within the Scottish Prison Service. Once identified they will be allocated a community mentor that will assess the customers needs and support the customer to address any unmet needs identified that the customer wishes support with.</p> <p>The service is voluntary, and customers can be supported for a period of 12 months, during this period mentors will</p>

liaise with prison based and community-based services, they will complete referrals to services identified that the customer requires support from.

The community mentor will support the customer on day of liberation to complete benefit claims, attend housing appointments or present homeless. The mentor will also support them to register with a GP and attend any appointments required. We will provide a mobile phone if required this allows the customer to continue engagement with their mentor and other support services. The mentor will continue to assess their needs throughout their journey enabling the customer to meet and improve any unmet needs which will support their reintegration and improve their lives in the community, this may also include any required training or employability support.

We identify and approach eligible customers and accept self-referrals, referrals from SPS and other support services.

We have two hubs in Scotland that we can use for meetings and to deliver training to support the customers with their personal growth and development.
